Hello I'm Son Do. I am from Hanoi and now working in Ho Chi Minh city, Vietnam.

I graduated from FPT University Hanoi. I started web development with Ruby on Rails from September 2016.

My technology stack: Ruby/Ruby on Rails; MySQL/PostgreSQL; HTML/CSS/jQuery. I also have experience of setting up and building application with Amazon web services: S3, EC2, Cloudfront, Cloudwatch, etc.

I would say that I am an extroverted, enthusiastic person and proud of my ability to persevere and overcome challenges.
